**Mobile Device Management** - Markus Pierer 2016-08-12

Ing. Markus Pierer M.Sc. proves whether or not there is a generic valid system comparison approach for various individual specifications facilitating the selection process for organizations. He illustrates important basics of enterprise mobility management, realizes classification of mobile devices and accomplishes conceptual definitions. The author divides feature descriptions in categories, thus making various different systems comparable and consistent. This comparison aims at integrating mobile devices in the existing infrastructure of small and medium-sized enterprises.

**Freud and Yoga** - Hellfried Krusche 2014-12-02

"A dialogue between a master of yoga and a psychoanalyst about philosophies of mind"--

**Nietzsche and Montaigne** - Robert Miner 2017-09-30

This book is a historically informed and textually grounded study of the connections between Montaigne, the inventor of the essay, and Nietzsche, who thought of himself as an "attempter." In conversation with the *Essais*, Nietzsche developed key themes of his oeuvre: experimental scepticism, gay science, the quest for drives beneath consciousness, the free spirit, the affirmation of sexuality and the body, and the meaning of greatness. Robert Miner explores these connections in the context of Nietzsche's reverence for

Montaigne—a reverence he held for no other author—and asks what Montaigne would make of Nietzsche. The question arises from Nietzsche himself, who both celebrates Montaigne and includes him among a small number of authors to whose judgment he is prepared to submit.

**Focus on Form** - Alessandro Benati 2021-04-30

This Cambridge Element examines the role and nature of focus on form in second language acquisition. An overall assessment of the role of instruction and the nature of language is provided. Instruction might have a facilitative role in the rate of acquisition. The element briefly reviews empirical research examining the relative effects of different types of focus on form and presents some of the key implications for second language learning and teaching. An effective focus on form type is one that is input and meaning oriented. Manipulating input to facilitate language processing and form-meaning connections might enhance second language acquisition.

**The Question Book** - Mikael Krogerus 2012-01-01

What would be your ideal job if you didn't have to worry about money? Would you like to have more responsibility or less? How far would you go for a promotion? When did you last stand up for what you believe in? What are you afraid of? In this unique handbook to your own life and work, there are no right or wrong answers: only honest ones. Featuring sections on subjects everyone can relate to, from the professional (work and finance), to the personal (sex and relationships), *The Question Book* can be used alone, like a journal; or with a colleague, partner or friend. It will probe and enlighten on everything, including what your boss really thinks about you, whether you are in the right job, and what motivates you to get out of bed every morning. These wide-ranging questions - which provoke short 'yes or no's as well as open-ended responses that dig deeper - are pertinent, direct, and compulsively fun to answer. In *The Question Book*, you are under the spotlight. And only you have the answer.

**Atthart** - Aren M. Wilson-Wright 2016-10-28

In this book, Aren M. Wilson-Wright proposes a new model for studying gods in the Ancient Near East. He then illustrates the utility of this model by applying it to a detailed study of the goddess Atthart at three Late Bronze Age sites: Egypt, Emar, and Ugarit. -back of book

**Poems for Father** - Elizabeth Bonner Kea 2001-03-01

This book features a collection of over thirty poems to give to Father. The book explores the significance of fathers, their special love, memories formed with them, and their enduring legacy in the lives of their children. Poems were selected by Elizabeth Bonner Kea. Book contains original watercolour illustrations of nature, by well-known artist Jo Anna Poehlmann, featuring squirrels, birds, trees, and items that capture Father.

**Freedom to Fail** - Peter Trawny 2015-06-24

Martin Heidegger is widely regarded as one of the most influential philosophers of the twentieth-century, and his seminal text Being and Time is considered one of the most significant texts in contemporary philosophy. Yet his name has also been mired in controversy because of his affiliations with the Nazi regime, his failure to criticize its genocidal politics and his subsequent silence about the holocaust. Now, according to Heidegger's wishes, and to complete the publication of his multi-volume Complete Works, his highly controversial and secret 'Black Notebooks' have been released to the public. These notebooks reveal the extent to which Heidegger's 'personal Nazism' was neither incidental nor opportunistic, but part of his philosophical ethos. So, why would Heidegger, far from destroying them, allow these notebooks, which contain examples of this extreme thinking, to be published? In this revealing new book, Peter Trawny, editor of Heidegger's complete works in German, confronts these questions and, by way of a compelling study of his theoretical work, shows that Heidegger was committed to a conception of freedom that is only beholden to the judgement of the history of being; that is, that to be free means to be free from the prejudices, norms, or mores of one's time. Whoever thinks the truth of being freely exposes themselves to the danger of epochal errancy. For this reason, Heidegger's decision to publish his notebooks, including their anti-Jewish passages, was an exercise of this anarchical freedom. In the course of a wide-ranging discussion of Heidegger's views on truth, ethics, the truth of being, tragedy and his relationship to other figures such as Nietzsche and Schmitt, Trawny provides a compelling argument for why Heidegger wanted the explosive material in his Black Notebooks to be published, whilst also offering an original and provocative interpretation of Heidegger's work.

Stirrings in the Archives - Wolfgang Ernst 2015-08-14

Like most of Wolfgang Ernst's work, Das Rumoren der Archiv explored the concept of archival and media theory from a current cultural digital context. Ernst challenges the traditional perspective of the cultural heritage institution and how it relied on media for creating, storing, and disseminating digital information. Archives have a place in a digital society, and the archivist's role will be more increasingly vital in the future. As Ernst points out, his work will show a way out of the archive, away from the notion that the era of archive is coming to an end. Stirrings in the Archives: Order from Disorder is the long-awaited English translation of this seminal work exploring cultural heritage before the archives, throughout history, and from today into the future.

Memories of Heaven - Wayne Dyer 2015-12-15

Nineteenth-century British poet William Wordsworth expressed the idea that we gradually lose our intimate knowledge of heaven as we grow up, observing that "our birth is but a sleep and a forgetting" of our previous heavenly existence. Dr. Wayne W. Dyer and co-author Dee Garnes had often talked about how the ones who know the most about God are those who have just recently been wrapped in the arms of the Divine, our infants and toddlers. In fact, Dee had an interaction with her own young son that convinced her of this. Curious about this phenomenon, Wayne and Dee decided to issue an invitation to parents all over the world to share their experiences. The overwhelming response they received prompted them to put together this book, which includes the most interesting and illuminating of these stories in which very young children speak about their remembrances before they were born. It seems that infants and toddlers often arrive here with memories of their lifetimes in the spirit world and frequently provide evidence of this to their immediate families. They tell of dialogues with God, give evidence that they themselves had a hand in picking their own parents, speak about long-deceased family members they knew while in the dimension of Spirit, verify past-life recollections, and speak eloquently and accurately of a kind of Divine love that exists beyond this physical realm--and even of times when telepathic communication took place, as well as the ability to decide just when they would come here to Earth. This fascinating book encourages parents and grandparents to take a much more active role in communicating with their new arrivals . . . and to realize that there is far more to this earthly experience than what we perceive with our five senses.

**Shit Happens Camping Helps** - Darren Quarter 2019-07-13

Weekly 100 page 6 x 9 journal for hobby lovers perfect Gift to jot down his Weekly ideas and notes. Need a great gift idea for him? Check out this fun journal perfect for any occasion

**Kant's Deduction and Apperception** - D. Schulting 2013-01-01

The book offers a thoroughgoing, analytic account of the Deduction of the Categories in Kant's Critique of Pure Reason that is different from existing interpretations in at least one important aspect: its central claim is that the categories are derivable from the principle of apperception.

Untersuchungen über den Lebensmagnetismus und das Hellsehen - Johann Carl PASSAVANT 1821

**Sex and Religion** - Lou Andreas-Salome 2017-07-05

As a psychoanalyst and author, Lou Andreas-Salome traverses the mystery of sexuality in much of her work. This book, comprised of two texts originally written for adolescents, uniquely explores sexual education and the collision of sexuality and religion across the lifespan. The first piece, "Three Letters to a Young Boy" (1917), is a psychoanalytic fairy tale. The letters offer an interesting version of the evolution of sexual knowledge from childhood through adolescence. The second piece, "The Devil & His Grandmother" (1922), merges sexuality with religion, encapsulating three ages of woman child, to a lost soul and the Devil's bride, to the Devil's Grandmother. Written in charmingly convoluted dialogue, this work has a cinematic, fanciful feel. Both pieces dispense with academic formality and point to a relaxed new phase in Salome's writing life. Interestingly, this tone can also be detected in her blossoming correspondence with Sigmund Freud, which contrasts starkly with her sombre letters to Rainer Maria Rilke. It is with the spirit of free thinking demonstrated in these two selections, perhaps informed by Salome's experimentation with free association, that the reader is transported to a new theatre of Salome's imagination.

**The Restaurant Guide 2019** - AA Publishing 2018-09

More than 2,000 restaurants--AA inspected for culinary excellence. This compact and practical guide to Britain and Ireland's top dining destinations features larger images and includes all venues who currently hold a Rosette for culinary excellence as well as AA Restaurant of the Year award winners from the prestigious AA Hospitality Awards. The Music of What Happens - Bill Konigsberg 2019-02-26

From the award-winning author of *Openly Straight*, a story about two teens falling in love over a summer that throws everything possible to keep them apart.

Treasure Hidden in a Field - David W. Jorgensen 2016-09-26

This reception history of the Gospel of Matthew utilizes theoretical frameworks and literary sources from two typically distinct disciplines, patristic studies and Valentinian (a.k.a. "Gnostic") studies. The author shows how in the second and third centuries, the Valentinians were important contributors to a shared culture of early Christian exegesis. By examining the use of the same Matthean pericopes by both Valentinian and patristic exegetes, the author demonstrates that certain Valentinian exegetical innovations were influential upon, and ultimately adopted by, patristic authors. Chief among Valentinian contributions include the allegorical interpretation of texts that would become part of the New Testament, a sophisticated theory of the historical and theological relationship between Christians and Jews, and indeed the very conceptualization of the Gospel of Matthew as sacred scripture. This study demonstrates that what would eventually emerge from this period as the ecclesiological and theological center cannot be adequately understood without attending to some groups and individuals that have often been depicted, both by subsequent ecclesiastical leaders and modern scholars, as marginal and heretical.

SPIRALIZE Now! - Denise Smart 2016-01-12
