Here I Am - Jonathan Safran Foer 2016-09-06

A monumental novel from the bestselling author of *Everything Is Illuminated* and *Extremely Loud and Incredibly Close*, Jonathan Safran Foer's *Here I Am* In the book of Genesis, when God calls out, "Abraham!" before ordering him to sacrifice his son, Isaac, Abraham responds, "Here I am." Later, when Isaac calls out, "My father!" before asking him why there is no animal to slaughter, Abraham responds, "Here I am." How do we fulfill our conflicting duties as father, husband, and son; wife and mother; child and adult? Jew and American? How can we claim our own identities when our lives are linked so closely to others'? These are the questions at the heart of Jonathan Safran Foer's first novel in eleven years—a work of extraordinary scope and heartbreaking intimacy. Unfolding over four tumultuous weeks in present-day Washington, D.C., *Here I Am* is the story of a fracturing family in a moment of crisis. As Jacob and Julia Bloch and their three sons are forced to confront the distances between the lives they think they want and the lives they are living, a catastrophic earthquake sets in motion a quickly escalating conflict in the Middle East. At stake is the meaning of home—and the fundamental question of how much aliveness one can bear. Showcasing the same high-energy inventiveness, hilarious irreverence, and emotional urgency that readers loved in his earlier work, *Here I Am* is Foer's most searching, hard-hitting, and grandly entertaining novel yet. It not only confirms Foer's stature as a dazzling literary talent but reveals a novelist who has fully come into his own as one of our most important writers. "Dazzling . . . A profound novel about the claims of identity, history,

family, and the burdens of a broken world." —Maureen Corrigan, NPR's "Fresh Air"

A Little History of the World - E. H. Gombrich 2014-10-01

E. H. Gombrich's *Little History of the World*, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the *Little History* brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

Just Kids - Patti Smith 2010-01-19

It was the summer Coltrane died, the summer of love and riots, and the summer when a chance encounter in Brooklyn led two young people on a path of art, devotion, and initiation. Patti Smith would evolve as a poet and performer, and Robert Mapplethorpe would direct his highly provocative style toward photography. Bound in innocence and enthusiasm, they traversed the city from Coney Island to Forty-second Street, and eventually to the celebrated round table of Max's Kansas City, where the Andy Warhol contingent held court. In 1969, the pair set up camp at the Hotel Chelsea and soon entered a community of the famous and infamous—the influential artists of the day and the colorful fringe. It was a time of heightened awareness, when the worlds of poetry, rock and roll, art, and sexual politics were colliding and exploding. In this milieu, two kids made a pact to take care of each other. Scrappy, romantic, committed to create, and fueled by their mutual dreams and drives, they would prod and provide for one another during the hungry years. *Just Kids* begins as a love story and ends as an elegy. It serves as a salute to New York City during the late sixties and seventies and to its rich and poor, its hustlers and hellions. A true fable, it is a portrait of two young artists' ascent, a prelude to fame.

The New Sultan - Soner Cagaptay 2017-04-30

In a world of rising tensions between Russia and the United States, the Middle East and Europe, Sunnis and Shiites, Islamism and liberalism, Turkey is at the epicentre. And at the heart of Turkey is its right-wing

populist president, Recep Tayyip Erdoğan. Since 2002, Erdoğan has consolidated his hold on domestic politics while using military and diplomatic means to solidify Turkey as a regional power. His crackdown has been brutal and consistent - scores of journalists arrested, academics officially banned from leaving the country, university deans fired and many of the highest-ranking military officers arrested. In some senses, the nefarious and failed 2016 coup has given Erdoğan the licence to make good on his repeated promise to bring order and stability under a 'strongman'. Here, leading Turkish expert Soner Cagaptay will look at Erdoğan's roots in Turkish history, what he believes in and how he has cemented his rule, as well as what this means for the world. The book will also unpick the 'threats' Erdogan has worked to combat - from the liberal Turks to the Gulen movement, from coup plotters to Kurdish nationalists - all of which have culminated in the crisis of modern Turkey.

What if someday never happens? As the Buddha said, "The thing is, we think we have time." Sam Horn is a woman on a mission about not waiting for SOMEDAY ... and this is her manifesto. Her dad's dream was to visit all the National Parks when he retired. He worked six to seven days a week for decades. A week into his long-delayed dream, he had a stroke. Sam doesn't want that to happen to you. She took her business on the road for a Year by the Water. During her travels, she asked people, "Do you like your life? Your job? If so, why? If not, why not?" The surprising insights about what makes people happy or unhappy, what they're doing about it (or not), and why...will inspire you to carve out time for what truly matters now, not later. Life is much too precious to postpone. It's time to put yourself in your own story. The good news is, there are "hacks" you can do right now to make your life more of what you want it to be. And you don't have to be selfish, quit your job, or win the lottery to do them. Sam Horn offers actionable, practical advice in short, snappy chapters to show you how to get started on your best life — now.
