The Art of Lutherie - TOM BILLS 2015-10-06

The Art Of Lutherie offers a glimpse into the mind and craft of luthier Tom Bills, whom many consider to be one of the most talented luthiers today. In this beautifully written and enjoyable read, Tom elegantly and clearly shares his best-kept secrets and methods of custom guitar making - those which make his guitars favorites among top collectors and players. Tom's unique approach to The Art Of Lutherie will empower and inspire you to create more than just a guitar, but a truly unique work of art. The information that is generously shared within this insightful and timeless work is both practical and applicable. It contains the same hard-won wisdom that only comes from years of experience and experimentation that Tom uses in creating his inspiring instruments. Over the years, he has produced instruments considered to be some of

the bestsounding guitars ever made. Learning the steps of how to build a guitar is important, but understanding why master luthiers take those steps and make those decisions can empower you to make your own educated choices. This will allow you to create unique guitars, and the world needs your art, your guitars - your important contribution. The Art Of Lutherie, a truly unique and inspiring guide, can prepare you to reach new heights when designing and creating unique guitars. It is not often I heap such lavish praise on people; however, Tom is in this case more than deserving: I know of no other luthier whose work I respect more. Tom knows his craft inside and out; he pours his soul into every guitar he makes; he uses cutting-edge science to guide his work, and it shows...as head of Artist Relations and Product Development at Mel Bay, it gives me great pleasure to publish Tom's work, which will no doubt take the art of lutherie to a new level. I hope you'll spend some time soaking in this book - it will certainly augment your musicality - Collin Bay. Includes access to online video

Guitar Fretboard - Guitar Head 2018-05-13

Learning all the notes on the fretboard taking too long? Or worse - seems impossible? This book will unlock all the notes in 5 Simple steps! Why Should I learn the Fretboard? Throughout my years of experience with the guitar, I have come across multiple "pro guitarists" who cannot name the note they just played. Learning guitar theory with no knowledge about the names of the fretboard is comparable to learning complex arithmetic equations without knowing numbers! This book will make sure you don't end up like one of those guitarists! Here is why you should learn the fretboard: Understand how notes are arranged on the fretboard Create a mind map to navigate through the fretboard Communicate the ideas you have in your head to written format or to other musicians Create various visual references to make the fretboard less daunting And lots more Why Should I buy this book? It's only fair to ask yourself this question before spending your hard-earned money on anything. Here is what you'll find inside: The whole process of learning the fretboard simplified into 5 easy steps A step by step approach which will give you results even if you are a complete beginner 35+ exercises and tips to make sure you get results as fast as humanly possible The theory behind every concept for those who need it Countless memory techniques to make the process as simple as possible Beginner friendly - no prior music experience required All this taught in less than a day! Why this book from among the 100 others? I know there are multiple books out there that teaches you the exact same things. They have a lot more reviews and have been out for longer than this book. But here is how this book is different: Unique memory techniques which cannot be found elsewhere High quality pictures and diagrams to give you the whole picture Free bonus material including fretboard diagrams, Flash cards, Reference material and lots more! Gives you results faster than any book out there! I hope that was enough reasons to make you jump onto the book! So, what are you waiting for?
