Paul Freeman has established himself at the pinnacle of his craft, not only as a photographer, but as a visual poet and artist eulogizing as he captures the spirit of the rugged yet sensitive Australian male in all his physical glory. His genius is to find the right men to photograph and then tell an enthralling story with his vision from behind the camera. From the quality of the compositions and the lighting through to the texture of the outback locations, these are some of the most perfectly executed and delightful photographs in any collection, and set a tone of sophistication so rarely achieved in books of the male nude.

The Heart of the Photograph - David Duchemin 2020-03-17

Learn to ask better, more helpful questions of your work so that you can create stronger and more powerful photographs.

Photographers often look at an image—one they’ve either already created or are in the process of making—and ask themselves a simple question: “Is this a good photograph?” It’s an understandable question, but it’s really not very helpful. How are you supposed to answer that? What does “good” even mean? Is it the same for everyone?

What if you were equipped to ask better, more constructive questions of your work so that you could think more intentionally and creatively, and in doing so, bring more specific action and vision to the act of creating photographs? What if asking stronger questions allowed you to establish a more effective approach to your image-making? In *The Heart of the Photograph: 100 Questions for Making Stronger, More Expressive Photographs*, photographer and author David duChemin helps you learn to ask better questions of your work in order to craft more successful photographs—photographs that express and connect, photographs that are strong and, above all, photographs that are truly yours.

From the big-picture questions—What do I want this image to accomplish?—to the more detail-oriented questions that help you get there—What is the light doing? Where do the lines lead? What can I do about it?—David walks you through his thought process so that you can establish your own. Along the way, he discusses the building blocks from which compelling photographs are made, such as gesture, balance, scale, contrast, perspective, story, memory, symbolism, and much more. *The Heart of the Photograph* is not a theoretical book. It is a practical and useful book that equips you to think more intentionally as a photographer and empowers you to ask more helpful questions of you and your work, so that you can produce images that are not only better than “good,” but as powerful and authentic as you hope them to be.

Heroics - George Effinger 2011-12-12

In HEROICS, Irene - like everyone in the future - struggles with boredom. Food, clothing, and all the

necessities of human life have been taken care of. But, what does that leave of life itself? At eighty-two, Irene sets out on a pilgrimage across America hoping to find the answer. Along the way, she becomes transformed, both physically and by her interactions with other civilians all trying to cope with this new world. Filled with wry humor and fantastic symbolism, HEROICS mixes adventure and philosophy in a way both engrossing and entertaining. Of this book, friend and fellow writer Harlan Ellsion said, 'It is the best Effinger yet, and for those of us who have been watching with amazement that is about as rich a compliment as you can expect from other envious authors. Damn him, he's good!' George Alec Effinger was a true master of satirical Science Fiction. Before his death in 2002, Effinger was a prolific novelist and short story writer, earning acclaim from his fans and peers, including a Nebula Award nomination for his first book WHAT ENTROPY MEANS TO ME. In HEROICS, he revisits some of the themes and characters of that first book for startling, funny and poignant results.

Tom Bianchi: 63 E 9th Street - 2019-05-21

In 1975, Tom Bianchi moved to New York City and took a job as in-house counsel at Columbia Pictures. That first year Tom was given a Polaroid SX - 70 camera by Columbia Pictures at a corporate conference. He took that camera to the Pines on summer weekends, those pictures became the book Fire Island Pines, Polaroids 1975 - 1983 published in 2013. Now, some 44 years later, we finally get a first look at another extraordinary collection of Polaroids by Tom taken in his NYC apartment at 63 East 9th Street. Whereas Fire Island is an expansive communal experience happening on a sunny sand bar outside of the city under huge open skies, Tom's New York apartment was an intimate track-lit den, a safe stage where he and his friends invited each other to play out their erotic night games. Tom's New York City Polaroids take us behind the closed door of his apartment, "Back then we were in the early days of a revolution that seemed inevitably headed to a more loving, playful and tolerant way of being. We were innocents", Bianchi recalls. This is an essential companion book to Fire Island Pines and an important document of urban gay life.

In Her Absence - Antonio Muñoz Molina 2012-10-30

"[A] translucent novel of passion, illusion and social class...slyly witty and luminous." —Francine Prose in O, The Oprah Magazine During working hours, Mario is a dutiful bureaucrat, scrupulously earning his paycheck as an employee of the provincial Spanish town where he lives. But when he walks through the door of his apartment, he is transformed into the impassioned lover of Blanca, the beautiful, inscrutable wife he saved from the brink of personal crisis. For the love of Blanca, Mario eats sushi and carpaccio, nods in feigned understanding at experimental films, sits patiently through long conversations with her avant-garde friends, and conceals his disgust at shocking art exhibits. Then, little by little, a strange and ominous threat begins to weigh on the marriage. How can love survive its own disappearance? The desperate answer that Antonio Muñoz Molina proposes in this short, circular novella is a model of literary strategy and style, a splendid homage to Flaubert.

Dirty windows - Merry Alpern 1995

For Merry Alpern, whose previous book Dirty Windows (Scalo, 1995) received international recognition, her new project was a natural outgrowth of her own daily life: spending time in stores, mostly women's clothing stores. She noticed other women in these stores in the middle of the day, all day, everyday. In particular, the group dressing rooms seemed to offer a combination of camaraderie and anonymity. Trying on clothes is an opportunity for self-examination, fantasy, and opinions from others -- sometimes solicited, sometimes not. Alpern says. "We stand there in our underwear, all trying to achieve some private version of a 'look'." With a video camera concealed in her purse, Alpern took endless hours of footage, without ever looking through a viewfinder, but putting the bag in a general direction of activity. Sometimes the bag was an extension of her body as she carried it with her, other times it was placed in a stationary position, separate from her body. Later Alpern started to examine the footage, to isolate moments and make stills. "Viewing surprises on the video tape was one of the most entertaining parts of the project." With this new photographic essay, Alpern dives into the realm of the objects that cover our social body. Her colorful images constitute a visual ethnography of American shopping, indeed one of the most important activities of everyday life in the West. Shopping is a sometimes shocking and often funny expedition into a world we all know only too well!

Outback Bushmen - Paul Freeman 2012

??? - Hanshan 2000

This authoritative, bilingual edition represents the first time the entirety of Cold Mountain's poetry has been translated into English. These translations were originally published by Copper Canyon Press nearly twenty years ago. Now, significantly revised and expanded, the collection also includes a new preface by the translator, Red Pine, whose accompanying notes are at once scholarly, accessible, and entertaining. Also included for the first time are poems by two of Cold Mountain's colleagues. Legendary for his clarity, directness, and lack of pretension, the eight-century hermit-poet Cold Mountain (Han Shan) is a major figure in the history of Chinese literature and has been a profound influence on writers and readers worldwide. Writers such as Charles Frazier and Gary Snyder studied his poetry, and Jack Kerouac's Dharma Bums is dedicated "to Han Shan." 1.B storied cliffs were the fortune I cast bird trails beyond human tracks what surrounds my yard white clouds nesting dark rocks I've lived here quite a few years and always seen the spring-water change tell those people with tripods and bells empty names are no damn good 71.

Real / Ideal - Karen Hellman 2016-08-30

In the years following the announcement of the invention of photography in 1839, practitioners in France gave shape to this intriguing new medium through experimental printing techniques and innovative compositions. The rich body of work they developed proved foundational to the establishment of early photography, from the introduction of the paper negative in the late 1840s to the proliferation of more standardized equipment and photomechanical technology in the 1860s. The essays in this elegant volume investigate the early history of the medium when the ambiguities inherent in the photograph were ardently debated. Focusing on the French photographers who worked with paper negatives, especially the key figures Édouard Baldus, Gustave Le Gray, Henri Le Secq, and Charles Nègre, *Real/Ideal* explores photography's status as either fine art or industrial product (or both), its repertoire of subject matter, its ideological functions, and even the ever-experimental photographic process itself.

Bondi Urban - Paul Freeman 2005

This stunning volume is the follow-up to the very successful *Bondi Classic* the first book in the *Bondi Series* by Paul Freeman. At Bondi in Sydney, Australia, the eastward growth of the city is halted by the Pacific Ocean. Despite the unappealing architecture of the area, it has developed among the warm climate and natural wonders a free-spirited subculture of young men. It is a mecca for young men from all over the world. Paul Freeman's work captures that free-wheeling and devil-may-care attitude of this current youth culture.

Heroics II - Paul Freeman 2013-06-01

A collection of fine art nude photographic portraits of men captured in the classical tradition of the heroic and mythical, in the grandiose and dramatic poses of the post-renaissance tradition, shot in both contemporary, post-modernist and neo classic or painterly environments, with over 180 photographs in both colour and warm toned black and white. This collection complements and evolves the theme developed in the first 'Heroics' book published in 2011, and has been influenced by and references the male in sculpture and painting in Western European art from the Renaissance onwards. The book plays with contemporary societal attitudes to the naked male in public and art by juxtaposing our collective artistic consciousness and heritage with the reality of the contemporary naked male physique.

Vigée Le Brun - Joseph Baillio 2016-02-15

Elisabeth Louise Vigée Le Brun (1755-1842) was one of the finest eighteenth-century French painters and among the most important women artists of all time. Celebrated for her expressive portraits of French royalty and aristocracy, and especially of her patron Marie Antoinette, Vigée Le Brun exemplified success and resourcefulness in an age when women were rarely allowed either. Because of her close association with the queen Vigée Le Brun was forced to flee France during the French Revolution. For twelve years she traveled throughout Europe, painting noble sitters in the courts of Naples, Russia, Austria, and Prussia. She returned to France in 1802, under the reign of Emperor Napoleon I, where her creativity continued unabated. This handsome volume details Vigée Le Brun's story, portraying a talented artist who nimbly negotiated a shifting political and geographic landscape. Essays by international scholars address the ease with which this self-taught artist worked with monarchs, the nobility, court officials and luminaries of arts and letters, many of whom attended her famous salons. The position of women artists in Europe and at the Salons of the period is also explored, as are the challenges faced by Vigée Le Brun during her exile. The ninety paintings and pastels included in this volume attest to Vigée Le Brun's superb sense of color and expression. They include exquisite depictions of counts and countesses, princes and princesses alongside mothers and children, including the artist herself and her beloved daughter, Julie. A chronology of the life of Vigée Le Brun and a map of her travels accompany the text, elucidating the peregrinations of this

remarkable, independent painter.

One of the much-written-about Antwerp Six group of influential cutting-edge Belgian fashion designers, Dirk Bikkembergs audaciously chose to focus his designs on the intersection between fashion and sport, particularly pieces designed for or inspired by soccer. Seeing sports as a universal language, Bikkembergs designed haute couture for athletes who are themselves already aesthetic icons of masculinity. The first designer to hold a fashion show in a sports stadium, Bikkembergs uses his local soccer team as a laboratory for styling with the latest fabric technology, creating designs that are sexy yet comfortably flexible, from exclusive jackets to high-performance underwear and sporty street shoes. In this handsome book, all of his one-of-a-kind designs are showcased in photographs taken in various locations around the world.

Heroics - 2011

Photographer Paul Freeman takes a sometimes tongue-in-cheek look at the way European men have adorned and mythologized themselves and their physical courage over the centuries, and refers for inspiration to monumental art and paintings that were the work of artists who tended to depict a fantasy of sensuality rather than the brutal masculinity of reality. This sumptuous collection of gorgeous male art nude photographs is printed on large format art stock paper, another masterful tome by the inimitable Freeman, following closely on the heels of his bestselling Bondi and Outback series of books.
