Hinduism - Kim Knott 2016

Hinduism is practised by about 80% of India's population, and by about 30,000,000 people outside India. But how is Hinduism defined, and what basis does the religion have? This work gives concise insights into the central preoccupations of Hinduism.

Hinduism - Ritual, Reason and Beyond - Ashok Mishra 2019-08-03

The book is journey through 5000 years of evolution of Hinduism, and is outcome of seven years of study to understand the roots of Hinduism. Tracing the genesis of Hinduism to pre-Indus Valley period, the book explains Hindu, Hinduism and Sanatana Dharma, before it takes one through Hinduism's oldest scriptures - the four Vedas, the four components of each Veda, and what they contain. How all original translations of Vedic texts were done by Western Sanskrit scholars, and why their works have left scope for doubt about the fidelity of translations. The yajnas (yagya) like Ashvamedha, Rajsooya, Vajpeya, etc., about which we only hear on TV serials and talk shows, have been demystified. The reader will be taken aback reading the sheer size and scale of Soma yajna, described step by step, in great detail. Hinduism's journey to the Age of Reason, the Upanishads, its encounter with Buddhism, and its transformation into idol worshipping society with many gods and a multitude of stories about its millions of gods is lucidly explained. Puranas, what they contain and what was the reason they were created, has been described and explained next. Hinduism's journey to its modern form - idol worship, the modern puja, detailed description of puja and Sanskaras like Vivaha, their detailed description, the meaning of each action and how they are conducted, the gift to the priest, types of idols, their consecration, all are explained to help a reader understand the why and the how of what we do as a Hindu. The book concludes with a discussion of - Do mantras have power? & Do rituals have meaning?

Modern Hindu Thought - Arvind Sharma 2005

"Hinduism is widely regarded not just as a religious belief, but as a philosophy of life based upon certain key tenets. Viewed in a casual manner, these concepts seem to be eternal and unchanging. A Hindu today would describe his or her tradition in terms of the concepts of Brahman, Isvara, Maya, Jiva, Samsara, Karma, Dharma, among others, much like his counterpart a thousand years ago would have done. Yet, has nothing changed in Hinduism?" "Modern Hindu Thought questions such simplistic assumptions. This volume explains the manner in which these terms have been reconfigured in modern Hinduism, and how they compare with the way they were understood in classical Hinduism. Most of us are familiar with the idea that the more things change the more they remain the same. This book suggests that the opposite may well be true - the more things seem to remain the same, the more they may have changed."--BOOK JACKET.

Modern Hinduism - Torkel Brekke 2019-06-27

The Oxford History of Hinduism: Modern Hinduism focuses on developments resulting from movements within the tradition as well as contact between India and the outside world through both colonialism and globalization. Divided into three parts, part one considers the historical background to modern conceptualizations of Hinduism. Moving away from the reforms of the 19th and early 20th century, part two includes five chapters each presenting key developments and changes in religious practice in modern Hinduism. Part three moves to issues of politics, ethics, and law. This section maps and explains the powerful legal and political contexts created by the modern state--first the colonial government and then the Indian Republic--which have shaped Hinduism in new ways. The last two chapters look at Hinduism outside India focusing on Hinduism in Nepal and the modern Hindu diaspora.

An Introduction to Swaminarayan Hindu Theology - Swami Paramtattvadas 2017-08-17

An Introduction to Swaminarayan Hindu Theology provides a comprehensive doctrinal account of the Swaminarayan tradition's belief system, drawing on its rich corpus of theological literature, including the teachings of Swaminarayan himself and classical commentaries on canonical Vedāntic texts.

The Spirit of Hindu Law - Donald R. Davis, Jr 2010-01-21

Law is too often perceived solely as state-based rules and institutions that provide a rational alternative to religious rites and ancestral customs. The Spirit of Hindu Law uses the Hindu legal tradition as a heuristic tool to question this view and reveal the close linkage between law and religion. Emphasizing the household, the family, and everyday relationships as additional social locations of law, it contends that law itself can be understood as a theology of ordinary life. An introduction to traditional Hindu law and jurisprudence, this book is structured around key legal concepts such as the sources of law and authority, the laws of persons and things, procedure, punishment and legal practice. It combines investigation of key themes from Sanskrit legal texts with discussion of Hindu theology and ethics, as well as thorough examination of broader comparative issues in law and religion.

Hinduism and Human Rights - Arvind Sharma 2004

Offers Insights Into The Ongoing Debate On Hinduism And Its Relationship To Human Rights. Forges A Link Between Human Rights Discourses And The Normative Moral Discourse With In Hinduism To Establish A Conceptual Approach To The Issue In A Given Cultural Ethics. Examines The Place Of Human Rights In Hinduism From An Indisciplinary Perspective.

Religion and Human Rights - John Witte 2011-11-25

This volume examines the relationship between religion and human rights in seven major religious traditions, as well as key legal concepts, contemporary issues, and relationships among religion, state, and society in the areas of human rights and religious freedom.

The Spirit of Hindu Law - Donald R. Davis, Jr 2010-01-21

This introduction to Hindu law and jurisprudence questions the traditional perception of law, and reveals law's close linkage with religion. Emphasizing the household, the family, and everyday relationships as additional social locations of law, it contends that law itself can be understood as a theology of ordinary life.

Hinduism in India - Will Sweetman 2016-05-23

A major contribution toward the ongoing debates on the nature and history of Hinduism in India Is Hinduism coherent, or should it be viewed as a conglomeration of many distinctive traditions? What were (or are) its most important and central teachings? When did the idea of "Hinduism" first arise and what have been the consequences? What were the effects of British rule on the religion and what are the effects of continuing modernization? This book responds to all such debates surrounding Hinduism in the colonial and contemporary periods. It emphasizes on Hinduism as it arose and developed in the subcontinent

itself—an approach which facilitates greater attention to detail and an understanding of the specific context in which new movements and changes have taken place.

Many Many Many Gods of Hinduism - Swami Achuthananda 2013-07-02
Religion is the opium of the people, said Karl Marx many centuries ago. For more than a billion people living in India and abroad, Hinduism is the religion and a way of life. In this multi-award winning book, Swami Achuthananda cracks open the opium poppy pods, analyzes the causes for euphoria, and comes away with a deeper understanding of the people and their religion. *** Winner 2014 Next Generation Indie Book Awards (Religious Non-fiction) *** This is a comprehensive book on Hinduism. It tells you why Hindus do the things they do - and don't. Written in a casual style, the book guides you through the fundamentals of the religion. It then goes further and debunks a number of long-standing myths, some of them coming from the academia (of all places). While most books shy away from contentious issues, this book plunges headlong by taking on controversies, like the Aryan Invasion Theory, idol worship, RISA scholarship and many more. In fact one-third of the book is just on controversies that you rarely find in any other literature. Other Awards: *** Finalist - 2014 Pacific Book Awards (Religion) *** *** Bronze - 2014 IPPY Award - (Religion) ***

Articles of Faith - Ronojoy Sen 2018-10-16

Examining the constitutional and legal foundations of the place of religion in India, *Articles of Faith* studies the relationship between religion and state. It closely analyses the decisions of the Supreme Court from the 1950s on Articles 25-30 of the Indian Constitution, as well as other relevant laws and constitutional provisions. The book discusses the Supreme Court's interpretation of the constitutional right to freedom of religion and its influence on the discourse of secularism and nationalism. While examining the role of the Court in defining and demarcating religion as well as religious freedom, practices, and organizations, this volume also highlights important issues such as interpretative traditions and legal doctrines developed by the judiciary over the years. This new edition has an expanded and revised introduction, which looks at the new literature on secularism and religious jurisprudence, both in India and other secular democracies. It also includes an afterword, which examines recent landmark judgments on religion by the Supreme Court of India, such as the one on triple talaq.

A History of Hinduism - R. Ramachandran (retd) 2018-03-19

A novel approach to Indian history of Hinduism, which in turn is told as the story of Brahmanas over three millennia

The Graceful Guru - Karen Pechilis 2004

This collection of nine essays looks at the phenomenon of the female guru both in its original Indian context, where Hindu women leaders have been unusual but not unknown, and as it has evolved on the American scene.

Hinduism and Law - Timothy Lubin 2010-10-21

Covering the earliest Sanskrit rulebooks through to the codification of 'Hindu law' in modern times, this interdisciplinary volume examines the interactions between Hinduism and the law. The authors present the major transformations to India's legal system in both the colonial and post colonial periods and their relation to recent changes in Hinduism. Thematic studies show how law and Hinduism relate and interact in areas such as ritual, logic, politics, and literature, offering a broad coverage of South Asia's contributions to religion and law at the intersection of society, politics and culture. In doing so, the authors build on previous treatments of Hindu law as a purely text-based tradition, and in the process, provide a fascinating account of an often neglected social and political history.

The Language of Disenchantment - Robert A. Yelle 2013

The Language of Disenchantment explores how Protestant ideas about language inspired British colonial critiques of Hindu mythological, ritual, linguistic, and legal traditions.

Religion and Human Rights - John Witte, Jr. 2011-12-08

This volume examines the relationship between religion and human rights in seven major religious traditions, as well as key legal concepts, contemporary issues, and relationships among religion, state, and society in the areas of human rights and religious freedom.

Hinduism and Law South Asian Edition - Professor Donald R Davis, Jr. 2011-01-01

Public Hinduisms - John Zavos 2012-06-30

Public Hinduisms critically analyses the way in which Hinduism is produced and represented as an established feature of modern public landscapes. It examines the mediation, representation and construction

of multiple forms of Hinduism in a variety of social and political contexts, and in the process establishes it as a dynamic and developing modern concept. The essays in this volume are divided into themes that address different aspects of the processes that form modern Hinduism. The book includes discussions on topics such as ecumenical initiatives, the contemporary interpretation of particular sampradaya and guru traditions, modes of community mobilisation and the mediation strategies of different groups. It also provides India and diaspora-focused case studies as well as 'Snapshot' views elaborating on different themes. Taking a critical approach to the idea of Hinduism and the way it becomes public, the book provides an interesting read on contemporary Hinduism.

Buddhism and Law - Rebecca Redwood French 2014-07-28

This volume challenges the concept of Buddhism as an apolitical religion without implications for law.

The Oxford History of Hinduism: Hindu Law - Patrick Olivelle 2017-12-08

Through pointed studies of important aspects and topics of dharma in Dharmasāstra, this comprehensive collection shows that the history of Hinduism cannot be written without the history of Hindu law. Part One provides a concise overview of the literary genres in which Dharmasastra was written with attention to chronology and historical developments. This study divides the tradition into its two major historical periods—the origins and formation of the classical texts and the later genres of commentary and digest—in order to provide a thorough, but manageable overview of the textual bases of the tradition. Part Two presents descriptive and historical studies of all the major substantive topics of Dharmasastra. Each chapter offers readers with salient knowledge of the debates, transformations, and fluctuating importance of each topic. Indirectly, readers will also gain insight into the ethos or worldview of religious law in Hinduism, enabling them to get a feel for how dharma authors thought and why. Part Three contains brief studies of the impact and reception of Dharmasastra in other South Asian cultural and textual traditions. Finally, Part Four draws inspiration from "critical terms" in contemporary legal and religious studies to analyze Dharmasastra texts. Contributors offer interpretive views of Dharmasastra that start from hermeneutic and social concerns today.

Identifying and Regulating Religion in India - Geetanjali Srikantan 2020-09-30

Judicial debates on the regulation of religion in post-colonial India have been characterised by the inability of courts to identify religion as a governable phenomenon. This book investigates the identification and regulation of religion through an intellectual history of law's creation of religion from the colonial to the post-colonial. Moving beyond conventional explanations on the failure of secularism and the secular state, it argues that the impasse in the legal regulation of religion lies in the methodologies and frameworks used by British colonial administrators in identifying and governing religion. Drawing on insights from post-colonial theory and religious studies, it demonstrates the role of secular legal reasoning in the background of Western intellectual history and Christian theology through an illustration of the place of worship. It is a contribution to South Asian legal history and sociolegal studies analysing court archives, colonial narratives and legislative documents.

Hinduism and Environmental Ethics - Christopher G. Framarin 2014-02-24

This book argues that the standard arguments for and against the claim that certain Hindu texts and traditions attribute direct moral standing to animals and plants are unconvincing. It presents careful, extensive, and original interpretations of passages from the Manusmṛti (law), the Mahābhārata (literature), and the Yogasūtra (philosophy), and argues that these texts attribute direct moral standing to animals and plants for at least three reasons: they are sentient, they are alive, and they possess a range of other relevant attributes and abilities. This book is of interest to scholars of Hinduism and the environment, religion and the environment, Hindu and/or Buddhist philosophy more broadly, and environmental ethics.

The Strides of Vishnu - Ariel Glucklich 2008-05-09

An accessible and comprehensive introduction to Hinduism combines historical material with key religious and philosophical ideas, supported by substantial quotations from scriptures and other texts, emphasizing archaeological as well as textual evidence.

Hinduism and Law - Timothy Lubin 2010-10-21

Covering the earliest Sanskrit rulebooks through to the codification of 'Hindu law' in modern times, this interdisciplinary volume examines the

interactions between Hinduism and the law. The authors present the major transformations to India's legal system in both the colonial and post colonial periods and their relation to recent changes in Hinduism. Thematic studies show how law and Hinduism relate and interact in areas such as ritual, logic, politics, and literature, offering a broad coverage of South Asia's contributions to religion and law at the intersection of society, politics and culture. In doing so, the authors build on previous treatments of Hindu law as a purely text-based tradition, and in the process, provide a fascinating account of an often neglected social and political history.

Hinduism - Margaret Stutley 1985

A Brief Introduction to Hinduism - Tim Dowley 2019-06-01

This brief introduction to Hinduism is designed to help readers understand this important religious tradition. With both nuance and balance, this text provides broad coverage of various forms of Hinduism with an arresting layout with rich colors. It offers both historical overviews and modern perspectives on Hindu beliefs and practices. The user-friendly content is enhanced by charts of religious festivals, historic timelines, updated maps, and a useful glossary. It is ideal for courses on Hinduism and South Asian religions and will be a useful, concise reference for all readers eager to know more about this important religious tradition and its place in our contemporary world.

Hindu Law - Patrick Olivelle 2018

"The foundation of Hindu law is the voluminous textual tradition called Dharmaśāstra, the expert tradition on dharma. This book seeks to delineate the historical development of Dharmaśāstra, even though the tradition presented dharma as timeless and ahistorical. The volume establishes the importance of law for the history and study of Hinduism by providing interpretive descriptions of all the major topics of Hindu dharma according to this tradition. First, two broad introductions to the historical development of the textual sources of Hindu law suggest new ways to understand both the original texts (smṛti) and the later commentaries and digests. Next, groundbreaking research into the origin of the householder (gṛhastha), who is at the center of the Dharmaśāstric enterprise, provides new insights into both the origin of this genre and many of its topics, such as the āśrama system and married household life. The book devotes its central chapters to each of the major topics of Dharmaśāstra: epistemology of dharma, caste and social class, orders of life, rites of passage, Vedic student and graduate, marriage, children, inheritance, women, daily duties, food, gifting, funeral and ancestral offerings, impurity and purification, ascetic modes of life, dharma during emergencies, king, punishment, legal procedure, titles of law, penances, vows, pilgrimage, images, and temples. The final chapters then explore both the reception of Dharmaśāstra in other religious traditions, both Hindu and Buddhist, and the relevance of Dharmaśāstra to studies of critical concepts in religious studies—the body, emotions, material culture, subjectivity, animal studies, and vernacular culture."--

Religion and Law - Dr Peter W Edge 2013-05-28

Discussion of the way in which law engages with religious difference often takes place within the context of a single jurisdiction. *Religion and Law: An Introduction*, presents a comprehensive text for students, drawing on examples from across key Anglophone jurisdictions - the United Kingdom, the United States, Canada, New Zealand, Australia and South Africa, as well as international law, to explore a broad range of issues. Aimed at a non-legal readership, this book introduces the use of legal sources and focuses on factual situations as much as legal doctrine. Key issues arising from interaction of the religious individual and the State are discussed, as well as the religious organisation or community and the State. The interaction is explored through case studies of areas as diverse as the legal regulation of religious drug use, sacred spaces and sacred places, and claims of clergy misconduct. Taking a broad, non-jurisdictional approach to the key issues, in particular providing insights differing from the dominant US experiences and paradigms, this student-friendly textbook includes a clearly structured bibliography and clear guidance on how to approach relevant legal materials.

Hinduism - Sadhu Vivekjiandas 2011

"Informs readers about the spiritual, cultural and social heritage of Hinduism. Part I features a brief history and core beliefs of Hinduism, its sacred texts, various denominations, mandirs, holy men and women, sacred places, rivers, festivals, rituals, and sacred symbols and objects. Part II features sadhana, great devotees of God, rishi-scientists of India, Hindu perceptions, Hindu way of life, Hindu reformers, concept of creation, and frequently asked questions on Hinduism."--Page 4 of cover.

An Introduction to the Study of Hinduism - Guru Prosad Sen 1893

Hinduism in the Modern World - Brian A. Hatcher 2015-10-05

Hinduism in the Modern World presents a new and unprecedented attempt to survey the nature, range, and significance of modern and contemporary Hinduism in South Asia and the global diaspora. Organized to reflect the direction of recent scholarly research, this volume breaks with earlier texts on this subject by seeking to overcome a misleading dichotomy between an elite, intellectualist "modern" Hinduism and the rest of what has so often been misleadingly termed "traditional" or "popular" Hinduism. Without neglecting the significance of modern reformist visions of Hinduism, this book reconceptualizes the meaning of "modern Hinduism" both by expanding its content and by situating its expression within a larger framework of history, ethnography, and contemporary critical theory. This volume equips undergraduate readers with the tools necessary to appreciate the richness and diversity of Hinduism as it has developed during the past two centuries.

Hindus - Julius Lipner 1998

Hinduism has been a major religious faith for well over 3000 years, and Hindus today account for over 600 million people. Lipner's book is a highly readable study of its evolution, its multidimensional nature, and influence.

A Brief Introduction to Hinduism - Kandiah Sivaloganathan 2017-05-25

Kandiah Sivaloganathan's *A Brief Introduction to Hinduism*, is a handy tool for all those who yearn to understand the philosophy behind one of the world's oldest religions - Hinduism. Also known as Sanatana Dharma (or the eternal law), Hinduism took birth in the Indian subcontinent thousands of years ago and is still followed by more than a billion followers worldwide. However, in today's busy world, it's nearly impossible to gain an in-depth understanding of one's faith and pass it on to the next generation. That's exactly the issue Sivaloganathan tries to address in his book, with regards to Hinduism. It's a go-to book for all your queries regarding the Hindu faith. The author tries to bring together the various aspects of Hinduism - from its myriad deities, saints, sages, rituals, prayers, scriptures, to modern science and its association with the principles of this ancient religion. This Book attempts to provide answers to: What is Hinduism? Why do Hindus pray to different deities? What is the power of prayer and mantras? What does Hindus mean by karma, creation and reincarnation? How is Hinduism connected to nature and science? In today's world, when everyone is too busy to read and understand their religion, this book provides a basis, a simple reference, to understand Hinduism. It is written in simple, readable language.

Religious Freedom Under the Personal Law System - Farrah Ahmed 2016-01-07

The personal law system is hugely controversial and the subject of fierce debates. This book addresses a vital issue that has received inadequate attention in these debates: the impact of the personal law system on religious freedom. Drawing on scholarship on the legal reform of the personal law system, as well as philosophical literature on multiculturalism, autonomy, and religious freedom, this book persuasively argues that the personal law system harms religious freedom. Several reform proposals are considered, including modifications of the personal law system, a move towards a millet system, 'internal' reform of individual personal laws, the introduction of a Uniform Civil Code, and a move towards religious alternative dispute resolution. This book will be of significant interest to students and scholars of law, politics, and gender studies, as well as lawyers and policymakers across jurisdictions interested in multiculturalism, particularly contemporary debates on the legal accommodation of religious and cultural norms.

The Cambridge Companion to Literature and Religion - Susan M. Felch 2016-09-12

Each essay in this Companion examines one or more literary texts and a religious tradition to illustrate how we can understand both literature and religion better by looking at them in tandem. Unlike most literature and religion books, which tend to focus on Christianity and take a highly theoretical approach inappropriate for non-specialists, *The Cambridge Companion to Literature and Religion* offers an accessible treatment of both Dharmic and Abrahamic traditions. It provides close readings of texts rather than surveys of large topics, making it an ideal resource for undergraduate and graduate students of literature and religion.

The Laws of Manu - 1992-01-07

The Laws of Manu form a towering work of Hindu philosophy. Composed by many Brahmin priests, this is an extraordinary, encyclopaedic

representation of human life in the world, and how it should be lived. Manu encompasses topics as wide-ranging as the social obligations and duties of the various castes, the proper way for a righteous king to rule and to punish transgressors, relations between men and women, birth, death, taxes, karma, rebirth and ritual practices. First translated into English in 1794, its influence spread from Nietzsche to the British Raj, and although often misinterpreted, it remains an essential work for understanding India today. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

The Illustrated Encyclopedia of Hinduism - Rasamandala Das 2012
Hinduism is perhaps the oldest of the world's major religions and makes for fascinating study. This lavishly illustrated book explores the rich historical and cultural development of its diverse traditions, from its distant Indian roots to its vibrant application in the present, global

context. The first section examines the origins of Hinduism, and asks the intriguing question: who founded the tradition? It explores in depth the diverse holy texts and their profound teachings about the self, the law of karma, and the perpetual cycle of birth and death. The second section focuses on spiritual practices - those activities that nurture faith, wisdom and communion with the Supreme. These chapters explain the four main paths of action, knowledge, meditation and devotion, the colourful array of Hindu deities, and practices that celebrate sacred time and place. The final section analyses ways in which Hindus engage with this world, and how their spirituality has been expressed and organised. It investigates Hindu society, its culture and arts, and the ways in which various leaders and movements have sought to perpetuate its teachings, right up to the present day. Stunningly illustrated with over 470 beautiful images, this comprehensive book provides a highly readable introduction. Detailed yet easily accessible, it provides the perfect reference for anyone wishing to further explore the compelling faith and culture that is Hinduism.

Classical Hindu Thought - Arvind Sharma 2000

Introduces the texts and ideas of Hinduism, crystallized during the 4th to the 10th century BCE. This book explains their contemporary relevance and deals with the key concepts, the main gods and goddesses, and texts such as the Purusharthas. It also examines the different systems of yoga.
