The False Promise of Global Learning - Alex Standish 2012-05-31

This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com. Through the language of global learning, education is being reformed by corporations, political activists, and policy makers. Academic subject-based knowledge has been cast as elitist and outdated for a rapidly-changing world. The curriculum has been colonized in the name of teaching skills and attitudes for the global market and global citizenship. Can young people effectively contribute to society without an

education in academic knowledge? Alex Standish argues that we can only educate children about the world if we are clear about the boundaries that provide education with its moral worth.

These include the boundaries between: education and political activity, public and private realms, education and training, theoretical and everyday knowledge, communities, and subject disciplines. The False Promise of Global Learning demonstrates that the nature and purpose of education has become confused with social, economic, political, and therapeutic aims, and that control over the curriculum has been taken away from teachers and communities. This is a hard-hitting work that will resonate with all who have a stake in how - and why - we educate our children.

You, Me and the World Book With App and Myenglishlab, L3 - Pearson 2018-09-28

StartUp is a completely new course for adults and young adults who want to make their way in the world and need English to do it. StartUp makes learning easy and relevant, focusing on meaningful language that builds student confidence in using English, both in and out of class. Teachers are supported in numerous ways, minimizing preparation time and providing a flexibility that allows for personalized teaching and focus on the skills that are important for their classes. * English for 21st century learners: StartUp helps students learn English as it is spoken and used in the 21st century, such as in text messages, emails, and podcasts; in informal social texts and conversations; and in formal texts and discussions for academic and business contexts. Students acquire collaborative and critical thinking skills they need to succeed in study and at work. * Personalized, flexible teaching: StartUp gives you the flexibility to teach the way you want. The structure, the wealth of support materials and the practice app offer more options to flip the class, to focus on different strands and skills, and to extend and differentiate instruction to meet students' individual needs. * Motivating and relevant learning: The rich integrated digital content draws students in with engaging video stories, coaching videos, video talks on compelling topics - such as innovation, relationships, and art - and

much more to build the language and skills they need. * ActiveTeach allows teachers to present in class with ease and to access all the audio and video where they need it. * The new Pearson Practice English App with QR codes takes students from page to practice, and audio and video for out-of-class practice. * Rich digital media: video conversations, video talks, media projects, and presentation skills integrated throughout for listening and speaking practice. * Specific support from Grammar Coach and Pronunciation Coach videos. * MyEnglishLab provides more intensive online practice. * Comprehensive assessment program in ExamView and MyEnglishLab.
