Top Disney - Christopher Lucas 2019-04-19

Long before David Letterman made it a nightly ritual, groupings of ten seemed to be the most common form of list making (commandments, amendments, FBI most wanted, etc.) Top 10 lists abound for everything today, from movies and music to sports and politics. There is so much Disney history to cover, however, that it can't be contained in one simple list, thus "The Top 100 Top Ten of Disney." There is not a person on Earth who hasn't come into contact with Disney in some way. Whether seeing a Disney film, hearing a Disney song, recognizing a Disney character or visiting a Disney park, the company's reach is global. The Top 100 Top Ten of Disney will collect the best of the best of Disney in a book of lists. From Walt himself and the beginning of his company, to his successors who have broadened the reach of the Disney brand well beyond where even Walt could have imagined it, this book will cover every aspect of the 93 years of history that Disney has to offer. In it you will find information on everything from Oswald the Lucky Rabbit and Queen Elsa, to the billion dollar acquisitions of Marvel and Lucasfilm. Written for casual and die-hard fans alike, The Top 100 Top Ten of Disney will revisit some familiar characters, films, songs, rides, and personalities associated with Disney but will also uncover some forgotten, obscure and overlooked parts of the company as well, such as the unlikely Disney films Victory Through Air Power (1943) and The Story of Menstruation (1946). The book will be laid out in easy to read "bite size" pieces. It will be one of those books that the whole family can enjoy and can be picked up and referred to again and again. Author Bio: Christopher Lucas is a lifelong fan of all things Disney. His admiration for Walt, and the company he built, led Chris to create a one person show called "Of Mouse and Man" which has been performed in several colleges, theaters and civic centers. He is also the co-author of Seeing Home: The Ed Lucas Story, the critically acclaimed book released by Simon & Schuster and Derek Jeter Publishing in April 2015. Christopher lives in suburban New Jersey with his two young sons. His goal someday is to take a vacation somewhere that doesn't involve a visit to a Disney theme park.

The Psychosocial Implications of Disney Movies - Lauren Dundes 2019-07-11

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

Learn to Draw Your Favorite Disney/Pixar Characters - Walter Foster Jr. Creative Team 2018-10-02

Pinocchio, the Tale of a Puppet - Carlo Collodi 2011-02

Pinocchio, The Tale of a Puppet follows the adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy. As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!" Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Geppetto. And thus begins the life of Pinocchio, the puppet that turns into a boy. Pinocchio, The Tale of a Puppet is a novel for children by Carlo Collodi is about the mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto. It is considered a classic of children's literature and has spawned many derivative works of art. But this is not the story we've seen in film but the original version full of harrowing adventures faced by Pinocchio. It includes 40 illustrations.
