[2.5 Minute Ride and 101 Humiliating Stories](#) - Lisa Kron 2000-05-01

This book collects Lisa Kron's two extraordinary solo performance works. Best known for her ongoing work as a member of The Five Lesbian Brothers, Kron's solo pieces are very personal examinations of both herself and her family history. This is singularly clear in 2.5 Minute Ride, where her writing deftly maneuvers between the tragic drama of the Holocaust and the wry comedy of her family's attempts to pursue pleasure at the local amusement park. This critically acclaimed work played to sold out audience for over six months at New York's Public Theatre. Also included is the riotous 101 Humiliating Stories, which first premiered in 1993, and in fact only consists of seventeen tales but each, as the author observes, has several humiliations. It recounts the adventures and misadventures of a self-described Big Lesbian as she tests the boundaries of decorum in social and professional situations.

From Head to Toe Board Book - Eric Carle 1999-03-27

What does an elephant do? It stomps its foot. Can you? From the creator of such beloved classics as The Grouchy Ladybug and The Mixed-Up Chameleon comes this interactive story that invites kids to imitate animal movements. Watching giraffes bend their necks or monkeys wave their arms is fun, but nothing could be better than joining in. From their heads down to their toes, kids will be wriggling, jiggling, and giggling as they try to keep up with these animals! Alligators wiggle, elephants stop, gorillas thump, and giraffes bend. Can you do it? 'I can do it!' is the confidence-building message of this fun-filled interactive picture book. A variety of familiar animals invite young children to copy their antics, and as they play, they will learn such important skills as careful listening, focusing attention, and following instructions. Just as alphabet books introduce the very young child to letters and simple words, From Head to Toe introduces the basic body parts and simple body movements. And in the same way that children progress from understanding simple words to reading and writing sentences and stories, so they will progress from simple body movements to dancing, gymnastics, and other sports and activities, with confidence and pleasure. Eric Carle's colorful collages have delighted children for more than a generation. Each book provides hours of fun while encouraging them to stretch their imaginations. His matchless words and illustrations now send out a new challenge: Are you ready? Here we go! Move yourself From Head to Toe. A Main Selection of the Children's Book-of-the-Month Club

This gentle book helps ease the transition with simple rituals: hugs and kisses, a big wave, a deep breath, and the confidence to seek comfort with the new caregiver or other children. Toddlers learn that good-bye isn't forever, it's just for a while. Part of the Toddler Tools series, Bye-Bye Time can be shared before (or during) the desired "time," or whenever toddlers need encouragement with routines.

Heterosexuality - Sue Wilkinson 1993-02-08

Heterosexuality is generally taken for granted, seldom explicitly addressed. Rarely has it been the focus of sustained theory. This Reader is a forum for the analysis of heterosexuality as it relates to feminism and psychology. Leading feminists, psychologists and activists explore the personal and political implications of heterosexuality and of heterosexuality as an institution. They consider the extent to which feminism and heterosexuality are compatible and the complex interrelationships between sexual behaviour, categories and identities. Acknowledging the interactions between heterosexism and other oppressions, they point to the contradictions between heterosexual desire and heterosexual coercion, between heterosexual privilege and women's traditional role within the family. This Reader is based on articles published in the first three volumes of "*Feminism & Psychology*," particularly the Special Issue on Heterosexuality (Volume 2 Number 3, October 1992) and also includes eight specially-commissioned pieces.

King Football - Michael Oriard 2005-12-15

This landmark work explores the vibrant world of football from the 1920s through the 1950s, a period in which the game became deeply embedded in American life. Though millions experienced the thrills of college and professional football firsthand during these years, many more encountered the game through their daily newspapers or the weekly Saturday Evening Post, on radio broadcasts, and in the newsreels and feature films shown at their local movie theaters. Asking what football meant to these millions who followed it either casually or passionately, Michael Oriard reconstructs a media-created world of football and explores its deep entanglements with a modernizing American society. Football, claims Oriard, served as an agent of "Americanization" for immigrant groups but resisted attempts at true integration and racial equality, while anxieties over the domestication and affluence of middle-class American life helped pave the way for the sport's rise in popularity during the Cold War. Underlying these threads is the story of how the print and broadcast media, in ways specific to each medium, were powerful forces in constructing the football culture we know today.
