The Invisible Community - Mahsa Bakhshaei 2021-02-01

The South Asian population in Canada, encompassing diverse national, ethnic, and religious backgrounds, has in recent years become the largest visible minority in the country. As this community grows, it encounters challenges in settlement, integration, and development. Accounting for only 1 per cent of the population in Quebec, the South Asian community has received limited attention in comparison with other minority groups. The Invisible Community uses recent data from a variety of fields to explore who these immigrants are and what they and their families require to become members of an inclusive society.

Experts from Canadian and international universities and governmental and community agencies describe how South Asian immigrants experience life in French-speaking Canada. They look at how members of the community integrate into the job market, how they manage socially and emotionally, how their religious values are affected, and how their children adapt to French-speaking and English-speaking schools. The Invisible Community shares lived experiences of different subgroups of the South Asian population in Quebec in order to better understand wider social, political, and educational contexts of immigration in Canada.

Hindi Made Easy - Lower beginner - Part 1 of 2 - Series 1 of 3 - Lingo Wave 2019-06-01

We broke our new series on learning Hindi down into different learning stages. Start with the "Lower Beginner" books followed by the "Beginner" and "Upper Beginner" books. Next, progress to the "Intermediate" series, then test and reinforce your knowledge with the "Conversations" series. Our experienced educators and speakers possess the linguistic skills to help you understand and speak Hindi clearly. We are very proud to have developed a product that truly helps you learn Hindi quickly and easily, anytime and anywhere. This audiobook is divided into units. While it provides different learning patterns and accommodates various needs, this audiobook focuses on helping you improve your ability to understand, speak, and memorise Hindi. The sample will give you a taste of what you can look forward to. In Unit 1 you will hear Hindi decoded with each syllable spoken very slowly and clearly with repetition. Immediately before each sentence is spoken, you will hear the translation, so you will always understand what is being said. Unit 2 focuses solely on increasing your listening ability, which will improve your abilities to engage in dialogue with a native Hindi speaker. This chapter requires you to listen very carefully to nuances in the language. By Unit 3 you will already notice progress in your abilities to speak and understand Hindi. The spoken translation is followed by two repetitions in Hindi at a completely natural speed. While you are learning to process naturally spoken Hindi, Units 3 and 4 will help you memorise new

vocabulary and full sentences. In Unit 5 you can test yourself on how much you have learned. If you are having difficulties, we suggest you revisit the listening, speaking, or memorisation section of Units 1, 2 3 or 4, according to what you need more help with. We developed our audiobooks to enable you to learn without an eBook. This gives you the opportunity to advance your Hindi language skills anywhere whether you're on the go or waiting around. As the audiobook is neatly arranged into many sub-units, it is also very practical for educators to navigate and use in classrooms or any time sensitive learning environment. Topics covered in this 2 part series: Part 1: - Greetings - Asking personal information - Asking about people or things - Talking about food - Talking about the current time and date Part 2: - Talking about the location of things - Describing things - Likes and dislikes - Talking about abilities - Talking about appearance - Talking about personality - Talking about the weather - Talking about the house (rooms and furniture)
