32 Candles - Ernessa T. Carter 2011-06-28

Davie Jones—an ugly duckling growing up in small-town Mississippi with a mother who couldn't get any meaner—is positive her life couldn't be any worse. Just when she's resigned herself to her fate, she sees a movie that will change her life—Sixteen Candles. But in her case, life doesn't imitate art. Tormented in school and hopelessly in unrequited love with a handsome football player, Davie finds it bittersweet to dream of Molly Ringwald endings. When a cruel school prank goes too far, Davie leaves the life she knows and reinvents herself in the glittery world of Hollywood—as a beautiful and successful lounge singer. Just as she's about to ride off into the L.A. sunset, the past comes back with a vengeance, threatening to crush Davie's dreams—and break her heart again. With wholly original characters and a cinematic storyline, 32 Candles introduces Ernessa T. Carter, a new voice in fiction with smarts, attitude, and sassiness to spare.

Acoustic Music Source Book - RICHARD L. MATTESON, JR. 2012-03-01

Bill Bay asked me to write a follow up book to my last book, "The Bluegrass Pickers Tune Book (20233). If you like Bluegrass music (232 songs) I'd recommend getting that book to add to your collection. the focus of this book, the Acoustic Source Book is on roots and old-time music. the book is focused on the time period from late 1800's until 1940's. There are a few songs from the Bluegrass Book that were too important to be left out. I decided not to use any patriotic and Christmas songs and came up with a list of about 400 songs which eventually was cut down to over 200. During the late 1800's and early 1900's there was an important evolution in American music; the birth of jazz, ragtime, and blues. This was also the period of the phonograph and early commercial recordings. Music from the Minstrel period as well as traditional songs were used as staple for the roots musicians. In the early 1900's there were rags, blues, gospel, Tin-Pan Alley, jug band, spiritual, old-time country and popular songs. I've tried to include some of the well-known songs from every genre to give you a big slice of Americana. There are some great songs that are popular roots, bluegrass and old-time songs today that have never been published. There are also great songs that are not well known that should be played and enjoyed.
