Explanatory answers include references to the most up to date NICE and international guidelines as well as other literature to enable further reading and study. This second edition has been fully updated, with 20 extra questions added to the diabetes chapter to reflect the new exam weightings. Providing a thorough assessment of the reader's endocrinological knowledge, this is the only revision book candidates will need to pass the Endocrinology and Diabetes Speciality Certification Examination first time.

Best of Five MCQs for the MRCP Part 1 Volume 1 - Iqbal Khan 2017-01-26

Offers a comprehensive and trustworthy solution to anybody wishing to sit, pass, and excel at the Membership of the Royal College of Physicians Part 1 examination. Presented as a unique three-volume set, each volume features 375 high-quality practice questions on each of the medical systems and specialties in alphabetical order.

Intensive Care Medicine MCQs - Shoneen Abbas 2015-04-01

Intensive care medicine is a dynamic and evolving specialty, requiring its practitioners to be part physician, physiologist and anaesthetist. This requires a firm foundation of knowledge and an ability to apply this to the clinical situation. This book contains 270 multiple-choice questions allowing self-assessment of the

breadth of knowledge required of the modern intensivist. The book is divided into three papers each consisting of 60 multiple true false (MTF) and 30 single best answer (SBA) questions covering areas including resuscitation, diagnosis, disease management, organ support, and ethical and legal aspects of practice. The MTF questions test factual knowledge and understanding of the evidence base underpinning intensive care medicine, while the SBA questions test the ability of the candidate to prioritise, compete options and make the best decision for the patient. Each question is peer reviewed and accompanied by concise and detailed explanatory notes with references to guide further reading. All the authors are practising intensive care physicians with firsthand experience of professional examinations in the specialty. This book will appeal to intensive care physicians approaching professional examinations worldwide, including the European Diploma, American Board and Faculty of Intensive Care Medicine examinations. In addition, it will appeal to intensive care nurses and allied healthcare professionals wishing to update their knowledge as part of continuing professional development, and to physicians sitting professional examinations in related specialties requiring knowledge of intensive care medicine such as general medicine, general surgery and anaesthesia. This new book will complement the existing international best-selling title 'Multiple Choice Questions in Intensive Care Medicine' (ISBN 978 1 903378 64 9), also written by Dr Steve Benington.

500 MCQs in Clinical Medicine - Nicholas O'Keeffe 2020-09-27

This book contains 500 best of five multiple choice questions for preparation for any clinical medical examination. The author has used recent publications from the medical literature to compile questions involving a large number of topics from clinical medicine. This book is ideal for any undergraduate students or postgraduate doctors in training who are studying for examinations. Detailed answers are provided and are fully referenced. The areas covered include COVID-19, haematology, cardiology, gastroenterology, respiratory medicine, endocrinology, neurology, infectious diseases, oncology, radiology, nephrology and medical statistics.

Best of Five MCQs for the Gastroenterology SCE - Leonard Griffiths 2013-02-28

The first revision book designed specifically for the Gastroenterology Specialty Certificate Examination, this book contains 210 'best of five' questions with explanatory answers, each of which accurately reflect the layout of questions in the exam.

Best of Five MCQs for the Geriatric Medicine SCE - Duncan Forsyth 2014

Best of Five MCQs for the Geriatric Medicine SCE is the first revision guide designed specifically for this new high-stakes exam. It contains 300 best of five questions with explanatory answers, each accurately reflecting the layout of questions in the exam. The book is divided into three exams for trainees to test themselves on, providing a thorough assessment of the candidate's geriatric medicine knowledge and covering all the main themes of the exam, for example, falls, dementia and delirium, palliative care, nutrition, and stroke. The explanatory answers include references to guidelines and other sources to enable candidates' further reading and study. Ideal for Geriatric Medicine Specialty Registrars, trainees revising for the Geriatric Medicine Specialty Certificate Examination or the Diploma in geriatric medicine.

Heart of Darkness -

Best of Five MCQs for the MRCP Part 1 Volume 2 - Iqbal Khan 2017-01-19

MCQs for FRCOphth part 2 - Darren S. J Ting 2020-05-12

MCQs for FRCOphth Part 2 is a key resource for candidates preparing to sit the Royal College of Ophthalmologists examination. Written by experts in the field, it is carefully mapped to the RCOphth curriculum, providing comprehensive preparation for all aspects of this challenging exam. Written for the new FRCOphth format, it contains 360 questions organised into five sections to reflect the subdivisions of the exam. A mock examination of 90 questions enables trainees to assess their level of knowledge, and practise the technique and approach needed for the examination. In addition to a small ratio of illustration based questions to reflect the real FRCOphth exam it also places an emphasis on areas that are not well covered in other materials, such as GMC and RCOphth guidelines. All answers are accompanied by detailed explanations and relevant further reading sources, providing candidates with high-quality self-assessment. Offering a true test of the reader's ophthalmology knowledge, this is a must-buy for anyone preparing for the FRCOphth part 2 written exam.

Get Through MCEM Part A: MCQs - Diana Hulbert 2009-08-31

Designed for candidates preparing for the MCEM Part A exam, *Get Through MCEM Part A: MCQs* provides invaluable revision for this new exam, success in which is obligatory for entry into higher specialist training in Emergency Medicine. Over 400 practice questions are presented reflecting the format and content used in the actual exam. Useful revision tips and practical advice on the format of the exam, plus techniques for answering questions are provided to develop candidates' exam skills and build up confidence in readiness for the exam day. Three complete mock exams provide the ultimate last minute revision tool. All the answers are supported with detailed explanations to allow the candidate to assess and supplement their own level of knowledge, and target areas of weakness. *Get Through MCEM Part A: MCQs* is comprehensive and authoritative: all authors are practising emergency physicians. Featuring questions that specifically address all areas of the College of Emergency Medicine's curriculum, this is the essential revision book for all candidates preparing for the Part A exam. It also provides valuable revision for trainees sitting the FCEM exam and for medical students revising for clinical exams.

Best of Five MCQs for MRCPsych Papers 1, 2 and 3 Pack - Lena Palaniyappan 2010-06-03

Following hot on the heels of the launch of the new syllabus and new MRCPsych exam in Spring 2008 by the Royal College of Psychiatrists, this pack contains books covering papers 1, 2, and 3 of the exam. Each book contains relevant MCQs for each paper. Supporting these MCQs are detailed explanatory answers and revision notes, referenced to the key textbooks used by trainees. The books' content is closely matched to the MRCPsych syllabus and includes practice papers for true exam preparation.

Grainger & Allison's Diagnostic Radiology - Andrew S. McQueen 2009

This is an ideal tool for trainee radiologists preparing for their professional certification exams to assess their current knowledge, comprehension and retention of information prior to sitting their exams. The book is targeted at the new style FRCR 2A exam. It reflects the recent changes in exam structure and all of the 520 questions are provided in the new "best of five" format. The book contains explanations and key learning points that are cross-referenced to Grainger & Allison's Diagnostic Radiology and to other leading radiology reference works and journals.

Dermatology Postgraduate MCQs and Revision Notes - James Halpern 2021-09-02

Postgraduates studying dermatology can face a lack of appropriate revision aids: reference books are often too exhaustive or out-of-date, while undergraduate and introductory texts lack the necessary detail and depth. This book is specifically designed for postgraduate examinations, and is the perfect accompaniment for the diploma in dermatology.

MCQs for the New MRCPsych Paper A with Answers Explained - David Browne 2017-09-20

Comprising of 400 MCQs, this book provides essential revision content to help you pass the recently introduced MRCPsych Paper A. The most recent guidelines for the new curriculum have been followed in

compiling the content. MCQs for the New MRCPsych Paper A with Answers Explained is an invaluable aid for all candidates for the examination of the Royal College of Psychiatrists. Other clinicians and undergraduate students in medicine and health sciences will also find it useful.

Single Best Answer MCQs in Anaesthesia - Cyprian Mendonca, 2010-09-01

The single best answer format of questions is invaluable in assessing a trainee's clinical skills and problem-solving abilities. It allows the trainee to demonstrate application of their knowledge to clinical practice.

This book comprises six sets of practice papers. Each set contains 30 single best answer questions which cover topics including clinical anaesthesia, pain and intensive care. The questions are based on the recent changes introduced to the written part of the final FRCA examination. The best possible answer to a given clinical scenario is substantiated by a detailed explanation drawn from recent review articles and textbooks in clinical anaesthesia. These questions will enable candidates to assess their clinical knowledge and skills in problem-solving, data interpretation and decision making. This book is essential study material for candidates sitting postgraduate examinations in anaesthesia and intensive care medicine. It is not only an essential guide for trainees but also an invaluable educational resource for all anaesthetists.
